

Group Rules:

1. Be on time
 - If you can't be on time let everyone know and have a reason, send us a message on Whatsapp.
2. Be at school
 - If you can't be at school let everyone know and have a reason, send us a message on Whatsapp.
3. Be available for contact, during school times
 - If you won't be available for contact let everyone know and have a reason, send us a message on Whatsapp.
4. Finish your work in the time period you need to have it finished
 - If you have a task or any other work assigned, be sure to finish it on time, if you won't be able to let us know and have a reason, send us a message on Whatsapp.
5. If you need to leave school early because of an appointment, let us know by sending us a message on Whatsapp the day before.
6. Don't do stuff on your own
 - Before doing any kind of work ask the others about their opinion and tell them what you want to do, only do things when approved
 - if you've added or changed stuff make sure to notify everyone so at least one person can check your work
7. When you're doing work on anything note down how you've done research on that certain topic, note this down in the document your working on and it has to be a cmd method!

NOTE: We are going to work with a strike system, after **3 Strikes** you have to buy everyone present a coffee/drink the next day.

NOTE: How do strikes work?

You get a strike if you break any of the rules, strikes can be excused with good reasoning.

NOTE: If any of these rules seem to not work and cause problems in the group we will go to our teachers.
